africansuccess.org is a community website which shows off all the people that have or are doing something successful in Africa, be they business people, artists, activists, sportspeople or musicians. We want to “Change the way that people look at Africa”,

Helping us will help Africa show off its successful people, draw attention to their achievements, provide a database for anyone wanting to work with Africa, Allow people to put names to faces. Africa is the future, growth, population (1 billion people)

African Success has a rapidly growing number of visitors, is being viewed by countries all over the world (75% of our visitors come from outside of Africa).

Until now we have been using our own funds to set up the site, we do not have any outside source of funding or aid and would like help from anyone and for this reason are asking for donations.

We need donations to help us pay the costs of developing our site and making it more popular. If your donation is over **200€** and, if you wish, we will put your **logo and a link to your web site** or, if you are an individual donor we will be happy to show your name.

Donor's details will remain confidential and only those who request their logo or name to be shown will figure on our FOUNDER Sponsor page.
